Please type the respondent's unique ID	....
Please type again respondent's unique ID	....

Surveyor, please select name	○ OMITTED
Select your Supervisor's name	○ OMITTED

Is today ${date}?	○ Yes ○ No
Is the time ${time}?	○ Yes ○ No

What is today's date?	Day: .... Month: .... Year: ....
What is the time right now?	....
Is this a revisit?	○ Yes ○ No
Is this ${surveyed_plot} plot?	○ Yes ○ No
Surveyor, please go to the ${surveyed_plot} plot of the farmer. Plot mapping should be done only from this plot.	
Has the farmer consented to give the GPS Plot map from this plot?	○ Yes ○ No
Waited 60 seconds after it acquired a signal before proceeding	
Cleared the current track immediately before starting to walk the plot. Stop at every corner for 5-6 seconds.	
If there is structure in between the plot, then go around it and return to the plot boundary	
Saved the current track with the farmer ID as a name immediately after walking the plot	
Is cotton grown on only part of the ${surveyed_plot} plot?	○ Yes ○ No
Collect another plot map- this time walk around the area that the farmer said he grew cotton in Kharif 2018	
Verified that the saved file exists and checked the map to make sure it is the right shape	
Have you completed the plot mapping?	○ Yes ○ No
Great job. Please save the form and exit.	
Please mention the reason why you could not complete	....
